Message from the President

“Education for developing useful “communication skills” through music for active students around the world”

Toho College of Music (School Corporation Mimurodo Gakuen: Educational Institute for Professional Music) consists of the following schools: junior high school, senior high school, junior college, undergraduate college, graduate college. Toho College of Music was established in 1965, and then the Toho Graduate School of Music was founded in 2004. Our school was incorporated in 1938. Next year, we will be celebrating the 80th anniversary of our foundation.

We have provided “one-on-one” instruction at our school from the beginning. This has allowed us to nurture the talents of each student individually, helping them to reach their full potential. Our schools have also accepted many international students from around the world. Now there are 9 exchange students in the College, 3 exchange students in the Graduate School, and 2 exchange students in the Junior College.

Would you like to join us at Toho College of Music and take a step forward together toward your dream of becoming a musician, music educator, or instructor of a musical instrument? We will be waiting for you to step up to the challenge!

President
Harumitsu Mimurodo

Toho Wien Akademie (Toho Campus in Vienna)

“Toho Wien Akademie” in Vienna, Austria, was established in 1991, as the first training institute of music to be opened abroad by a Japanese college of music. The third year students of the College and the first year students of the Graduate College take study in Vienna, in winter, as a required subject. The students majoring in “Konzertfach” take the musical training in Vienna twice a year for four years. The students are able to take lessons and lectures from members of the Vienna Philharmonic Orchestra, professors at the University of Music and Performing Arts Vienna, and other famous musicians and educators at our fully-equipped institute. The school fees include the expense for this training in Vienna, except each student’s personal expenses. Thus, it isn’t necessary to pay additional expenses for this training in principle.
